

Luminis Health Anne Arundel Medical Center Foundation

Year In Review

As a nonprofit organization Luminis Health Anne Arundel Medical Center (LHAAMC) truly touches everyone, no matter their circumstances. Because of your giving, our incredible care teams can provide high-quality, patient-centered care to our community. Here are just a few ways your collective philanthropic spirit has supported LHAAMC's vision of living healthier together. *We are grateful for your generosity.*

2024

By The Numbers

\$1.1 MILLION – Total dollars raised through the 18th annual Fish For A Cure Tournament, Paul C. Dettor Captain's Challenge, and Shore Party to support the Cancer Survivorship Program at LHAAMC's Geaton and JoAnn DeCesaris Cancer Institute.

500 HEARTS – Our Cardiac Surgery Team at LHAAMC recently completed their 500th open heart surgery since the program began in late 2020. We are honored to provide high-quality cardiovascular care right here in the community.

7,620 PINTS – Every blood donation has the power to save lives and takes just 10 minutes of your time in our Blood Donor Center or traveling blood mobile. 7,620 pints have been donated to LHAAMC from members of our community this year who wanted to make a difference!

22 MEDICAL RESIDENTS – We are excited to introduce and welcome our new residents who matched with LHAAMC.

5,000+ ITEMS – Including toys, books, games, sensory items, and first aid supplies donated to our Geaton and JoAnn DeCesaris Family Foundation Pediatric Emergency Department and Inpatient Unit to assist our Child Life Specialists who make a difference every single day in the lives of our young patients.

35,000 HOURS – This is the amount of time our Auxiliary and other volunteers contribute across LHAAMC each year. They bring comfort and support to our patients and their families, and their time and dedication truly enhances the patient experience.

82% – The percentage of women who represent the Luminis Health workforce. We're proud to celebrate the incredible achievements and contributions of women past and present. Their compassion, innovative spirit, and commitment to excellence propel us forward.

2,000 PATIENTS – The need for pediatric mental health services is surging nationwide. At LHAAMC, 2,000 pediatric mental health patients are seen annually. Philanthropic giving to support this area of need is crucial to maintain vital nursing training and patient programs.

\$1.7 MILLION – LHAAMC received a planned gift from the Ethel Groh Webster Williams Trust to support innovations for our cardiac care program. This generous gift honors Ethel's dedication to supporting the health and well-being of everyone in her cherished Anne Arundel County community.

100 PATIENTS – LHAAMC is the only hospital in Maryland to offer cryo nerve block therapy, a cutting-edge pain management technique introduced by Dr. David Caparrelli, Chief of Heart Surgery. We're proud to be at the forefront of cardiac innovation by improving the recovery journey for our patients undergoing open-heart surgery.
